It's Hot Out!!! (By Jan Young)

Boy has it been hot recently and more than likely more to come in the next days and weeks.

Two big things to worry about in this heat:

Burned paws: Do you know about the 5 second test? If it is too hot for you to press the back of your hand to the pavement for 5 seconds, it is too hot for your dog to walk on that pavement. Simple as that. Wait for it to cool off or find shade so they don't burn their pads. Blistered pads can take days to heal up and are quite painful.

Heat stroke: Early symptoms can include excessive and rapid panting , bright red tongue, red or pale gums, thick sticky saliva, increased agitation (which makes it worse) followed by listlessness and lethargy, maybe diarrhea, vomiting, and sometimes reddening of the skin inside their ears. Fast action may save a life!

Get your dog somewhere cooler. Offer water - but the one time I was involved in rescuing a dog from heat stroke he refused water until he had cooled down some first. And even then he "drank" only by licking his wet legs and paws.

Wet the dog to the skin, especially around the neck, groin area, and paws/legs.

If available, set a fan on low blowing at them to assist with cooling.

Normal body temp for a dog is 100-102.5. Generally you can discontinue cooling measures when body temp is down to 103 or lower but who has time to find the thermometer and take a temperature in the heat of the moment? As your dog begins to be interested in licking water or drinking water, his panting has slowed, he seems to begin to have more energy again, his tongue, gums and ears return to normal color, you can begin to relax, maybe turn off the fan.

Head for the vet ASAP after the initial cool down if your dog had full blown symptoms, even if (s)he seems OK. (S)He may be severely dehydrated, may be in or near in shock, etc.

Suzanne Johnson “Bobby Marches ON”

Silver Grand Champion Josandre PH Bronze Bobby

Bobby has had an incredible spring. It started in early May. Barbara and I were at Rio Hondo in Pomona. Bobby was BOB both days and a Group 4. Frm there we headed to Albuquerque. Bobby was BOB 3 out of 4 days earning a Group 2 one day.

Then we headed to Louisville KY for the Papillon National. We didn't win the BIG one but everyone was applauding for him. We won an “Award of Merit”, and “Select Dog” at the 2 other shows. But best of all we were voted the “PEOPLE'S CHOICE” and co-winner of the TOP 25.

We left Louisville and headed to Colorado, for the Mile High circuit. We won BOB all days, earning a Group 4. From there it was back to Barbs in San Deigo.

Home for 4 days and I put Barb and Bobby on a plane to Michigan, and I came home. The first shows were in Grand Travers. Bobby was breed all three days, along with one Group 4 and 2 Group 3's. From there they moved into Detroit. Again breed both days, and back to back Group Firsts.

Back in California Bobby wins the Ventura Specialty .

Wahoo!!!

Bobby makes a clean sweep with 4 Best of Breeds
at the Ventura Shows.
