A MESSAGE FROM THE PRESIDENT

It's been a crazy month here at my place. Between dog club (mostly advertising from City money, but the show as well), two young nephews, and company, life has been keeping me hopping!

We've got several projects going on. As I said, the ads that the City kindly sponsored for us have kept me really hopping. I sent the information to the

magazines three weeks before their deadlines. One lost it ... Two days before the deadline they contacted me ask-

ing for our ad copy! I re-sent it. Both magazines sent their proof a couple days after the deadline and only gave 24 hours to correct and send it back. After a couple days of back and forth, all looked good. Then the City stepped in and said "Nope! That can't be in the ad if we pay for it!" So ... Way past deadline now, the City managed to get the ads changed in time! So, watch the May issues of Canine Chronicle and ShowSight for Bonanza ads!

This is your *FINAL* reminder about your 2013 membership dues! If you're not sure if you're current, contact Bob Newman ...

The board has an upcoming meeting (04/29/13). There is no unusual business to attend to, it's mostly because AKC requires a certain number of board meetings per year.

We have a new match chairman - Thank You Cindy [Craig]! She's working on setting up her first match now. We'll keep you posted.

This is your *FINAL* reminder about your 2013 membership dues! They are past due now. If you're not sure if you're current, contact Bob Newman (address on the back page of the newsletter) and be sure you did pay. If you're not paid, you will receive a letter early in June telling you we have removed you from the membership list. Don't wait until you get that letter to check with Bob! It will be too late!

We'll see you in May!

Candy

Reminder!

The Parks Department no longer allows dogs to be brought into the Carson Community Center during our monthly meetings.

The only exceptions to their rule are: service dogs, service dogs in training, or dogs brought for a breed education presentation.

The shows are progressing nicely. I'm hoping to get judging assignments uploaded before the meeting - we shall see if that happens! AKC assures me that the reason our approval says "pending" is just because obedience and rally are each approved in different departments and rally is ready but can't be approved until obedience is approved! Talk about going in circles!

Bonanza Kennel Club
General Membership Meeting - April 2, 2013

The general meeting of the BKC was called to order at 7:03 p.m. after the presence of a quorum was established. The secretary read the minutes of the March meeting. **Motion: Carolyn Goepner, second Nancy Gammie** to approve the minutes of the March meeting. **Motion carried.**

The Recording and Corresponding Secretaries had no report.

The Treasurer presented an annual report in the form of a profit and loss statement as of April 12, 2013. It showed a net income to the club for the 2012 club year (April 2012 through March 2013) of \$4,390.52.

The monthly report showed a balance of \$23,333.40.

Show Committee: All judges' contracts have been received. Candy asked Glenna Elrod if the NSCA will have a supported entry at our Sunday show. Glenna stated that judging was still in progress but chances are very good that it will be positive. Heather Mundy will be able to perform her ring-stewarding and kitchen duties at the shows.

There is a possibility that a Nevada state fair will be held at Fuji park prior to our shows and there are concerns about damage to the grounds. Nothing has been decided by the city on this issue as yet.

Cindy Craig asked about presenting supported entries for Rhodesian Ridgebacks and Salukis. There will be further discussion on this issue.

Obedience at our shows was discussed. Candy stated that our entries are small and we have a great deal of trouble finding ring stewards. Ladonna Dowd was responsible for ring stewarding last year, however, Candy has been unable to reach her. After a great deal of discussion on the issue, **Motion: Carolyn Goepner, second Tom Wise** to drop obedience if the 2013 trials are not supported. **Motion carried.**

Sunshine: A card was sent to Jim Adams on the loss of his father. Judy Davis thanked the membership for the plant she received when her daughter passed away recently.

Legislative: Tony Yarbrough gave a report on current issues.

Match: Cindy Craig will chair the club's matches and Elaine Oxborrow will help.

Judging by secret ballot was conducted. Ballots were counted by Lynn McLellan, Debbie Pasley, and Lexine Thompson. The results are that the 2013 board will not change.

President: Candy Roper
Vice President: Bob Kinney
Treasurer: Bob Newman
Recording Secretary: Judy Johnson
Corres. Secretary: Gail Spieker
Board of Directors: Elaine Oxborrow, Sieg Goepner

Guests: Barbara Peach was voted in as a member. JoAnn McGrath had her first reading.

Unfinished Business: None.

New Business: None

Motion: Tony Yarbrough made a motion to adjourn. Meeting adjourned at 8:10 p.m.

DOG NEWS

The Lowdown on Bully Sticks

BY NANCY KAY, DVM

Author of Speaking for Spot, available on Amazon.com

[**Editor's Note:** This article appeared on her blog at healthypets.com/blog/ and was called to my attention when it appeared in the TMDTC newsletter.]

Do you give your dog bully sticks as treats? If so, you may be surprised by some information recently released by researchers from Tufts University and the University of Guelph. They have discovered that people who feed bully sticks are unknowingly providing extra calories and potentially harmful bacteria to their dogs.

Here is what the bully stick researchers discovered: Only 62 percent of veterinarians and 44 percent of dog owners know that these "treats" are, in fact, uncooked, dried penises harvested from slaughtered bulls and steers. If you were not in the know, no worries. Clearly you have plenty of company!

The bully sticks studied (made by 26 different manufacturers in the United States and Canada) contained from nine to 22 calories per inch. On average, a six-inch stick contained 88 calories. Keep in mind that 88 calories equals approximately 30 percent of the recommended daily caloric intake for a 10 pound dog and nine percent of the daily recommended calories for a 50 pound dog. Also keep in mind that many bully sticks are considerably longer than six inches. (A great opportunity for a joke here, but I digress!)

Of the 26 bully sticks tested, eight contained bacterial contamination: one contained *Clostridium difficile*, one contained methicillin-resistant *Staphylococcus aureus* (MRSA), and seven contained *Escherichia coli*. Yuck! All of these bacteria have the potential to cause disease in the humans handling the bully sticks as well as the dogs eating them.

What does this research mean for you and your dog? If you regularly give bully sticks to your

best buddy, it's a darned good idea to proportionately reduce the portions provided at mealtime. Thoroughly wash your hands after handling bully sticks. Additionally, be on the lookout for symptoms such as vomiting, diarrhea, lethargy, or loss of appetite which could be caused by bully stick bacterial contamination. Perhaps better yet, consider discontinuing feeding bully sticks altogether. If I were a bully stick feeder (never have been because I am in the know about the body part from which they arise), this is certainly what I would do.

Now, what have you to say about them bully sticks?
